

Frequently Asked Questions

Q: What is your minimum order qty?

A: Typically, our minimums start at 72 prints per design for our t-shirts and 48 for our sweatshirts.

Q: What is the turnaround time?

A: In today's supply chain crunch, we do our best to get your apparel out the door in 2-3 weeks.

Q: Can you print a design that I already have?

A: The best answer is "maybe". We are happy to take a look at your artwork but more often than not, 3rd party designs fall outside our design style.

Q: Would you print our club logo?

A: Most often yes, we would require to put our L&L vintage twist on it with a little distress and vintage print style.

Q: Do we own the artwork that has been created for us by L&L?

A: No, all artwork created by L&L remains the property of L&L but may be given certain permissions for fair use upon approval.

Q: Do you provide samples of your garments?

A: Not typically but take our word for it, you'll love em!

Q: Is there a setup or design fee?

A: There is a one-time setup fee for all new designs, ranging from \$25-\$100

Q: Do you offer bulk discounts?

A: Yes but that will kick in at 144 prints

Q: Do you provide any additional design services that are not part of your current design gallery?

A: On occasion we will but that design service is billed hourly and requires larger minimum print quantities.
